Subject: Colorado river reopens to recreation after mine spill
MAIL_CONVERSATION_TOPIC: Colorado river reopens to recreation after mine spill
Created: Mon 8/17/2015 5:06:30 PM

Nine days after 3 million gallons of mine waste spilled into the Animas River, Colorado officials, with the support of the U.S. Environmental Protection Agency, reopened the waterway in La Plata County to recreation and signed off on some farmers using its water for irrigation.
